Move To New Mercy Hospital Tues., Dec. 10

Both Buildings To Operate One Day

Next Tuesday, December 10th is the day that has long been awaited in this area. It will mark the movement of patients from the old to the new Mercy Hospital at Grayling.

Some smaller things have already been moved into the new building and wholesale movement of supplies and items that can be done without will start next Monday. On Tuesday, the full staff of nurses of the hospital will be on hand and both buildings will be ready to handle any emergency.

Movement of the patients will be carried out with the Sorenson ambulance of Grayling and the Stamboul ambulance from Roscommon plus three station wagons owned by doctors on the hospital's staff.

The National Guard at Camp Grayling have also offered their services to move some things to the new building.

Everything is in readiness to offer good patient care at both institutions. Sister Maria, hospital director said, during the transition period. Employees of the hospital and members of the Hospital Auxiliary have offered their services to aid in making the move to the new building smooth and easy.

The move to the new building next Tuesday will mark over five years of effort toward such a new structure. A meeting was called in the fall of 1952 at which time the late Dr. Claude R. Keyport was named chairman. From that meeting, after much discussion and many other sessions, grew the financial drive of three years ago which resulted in overwhelming success. With government aid, a big assist from the Sisters of Mercy, the fund raised

Ray, Durkale and a junior regular, Bill McClutchee, who will form the nucleus for this year's squad. Other candidates are Jack Schmalzried, Tom McLane, and Leslain-Givens, all seniors. Basil Nagasche and Bob Ford, juniors, and Barry Anderson, Ken Parkey and Gary Spencey, sophomores.

Coach Gayle Saxton will call on players up from the Reserves to make up his varsity squad at East Jordan this fall. Coach Cihak and Gene Richards are the only returning lettermen. Richard Kraemer, Larry Hayden and Jim Yelaw, though not lettermen, have had some experience and may be used in the starting line-up when the Red Devils travel to Pellston to take on the Hornets Dec. 6.

At Charlevoix Coach Don Carey has assigned two regulars, Bob Mol and Glenn Boers, and letterman Ron Vandenberg who will form a nucleus for this year's squad.

Also out for the team is Mike Genet, who played some with the Varsity last year along with John Bingham, Scott Supernaw, Bill Poquette, Ken Case, Rod Ostrum, Steve LaBlanc, Floyd Olen, Tom Lawlor, Dick Gouge and Ken Wojan. All but Wojan played with the Reserve squad last season.

Coach Carey said there was a possibility that he would bring in Bear, a sophomore, up from the Reserves.

Coach Jack Schurnan's roster at Manicoua will be such familiar names as Ronnie Johnson, top senior in the league last season. Dick Holstad and John Phillips, the latter two both six feet who saw action last year. He also has three lettermen who saw action last year. They are Bob Johnson, Dexter Bailey and Doug Moley.

At Harbor Springs Coach Chas. Pinner's wealth of experienced players will call on. Among them are top seniors, Pete Graham, Richie Clarke, George Coveyou and Bob Laker. The latter pair are well over six feet.

Among the returning lettermen were Dean Benfield, Andy Allorring, Ken Garver, Randy Lauer and Jack Meyer.

When Coach Jim Mongeau took the Grayling Blue Devils against Cheboygan on the home floor next Tuesday he will have two regulars, Darwin Mason and John Harrison and two lettermen, Keith Riddle and Duane Jenkins to call on. Other starters and bench strength will be taken from players up from the Reserves.

At Pellston Coach Francis McMahon has three senior regulars, Duane Johnson, Allen Ball and

Ramblers Have Veteran Squad. Grayling Untested

The Grayling High Vikings open the 1957-58 basketball season when they travel to Boyne City Friday night.

The defending champion Ramblers will be able to floor an almost veteran-five while Grayling has only one regular from last year plus another letterman who saw limited action.

Vikings' Coach Bruce Smith expects to start three sophomores, a freshman and a senior in Friday night's game. He named senior Don Roberts and freshman Frank Goss at the forward posts with sophomore Jack Hull at center and sophomores Roger Hatfield and Oscar Hornung at the guard.

Others who will probably see action are Gary Spriggs, Newt Atkinson and Dave Wyman in the front line and Joe Lowe at a guard spot. Roger Hatfield was elected the basketball captain for this year at a squad meeting last week.

At Boyne City Coach Paul Pfahler has not picked his starting line-up but it will probably include three returning regulars, Carl Charon, Doug Newell and Rick Cassar, who is 6 ft. 3 in. Missing from another regular, Steve Williams, now 6 ft. 6 in., tall who has been lost for the season because of a back injury received early in the football season.

Coach Pfahler will select the other starters from among the following lettermen, Bob Christensen, who is also tall (Jerry Greene, Pat Bryan and Jim Cambrun).

JACK PINE'S STUMP

Saturday closed another deer season for Jack Pine... and the second season in which he didn't get his buck. Of course, I didn't hunt too much, but still and all, it's rather surprising to me that two years without a buck. I still think, though, that my rifle hunting for white tail deer is just about done with. I got the bow-and-arrow fever, but bad.

JP

Friend who didn't do any better than I did. However, she did have a Special Permit, and spent almost all day hunting. Looking for any deer to shoot. You guessed it, it was no deer to be seen. Maybe it was the "bird-dog" she used. I never was much good at running deer around to people. Sunday was also the first time I ever went "deer hunting" with my hands in my pockets. I tend to feel rather underdressed without a gun when hunting.

JP

Ran across one fellow, though, who had his deer. The first deer he had ever shot, and he was quite proud. His only regret was that he was early in the day. The deer was not of taking advantage of the deer. Wasn't exactly sporting, and all that, to kill a deer. I sort of agreed with him, but that was early in the day. The deer was tired and discouraged from my chasing around the woods.

JP

I promised once to forget my feelings for Jack Pine goes about deer hard control. But the following isn't exactly along the same line. As long as the Conservation Department has sold the public of the deer, I don't see how we are going to have to live with it. Now, all they have to do is to relieve the feeling of unpopularity which assails those who kill deer. For what it's worth, I would suggest that the Conservation Department shorten the season to cover a period of two weekends and the week between. That way, the deer can be taken one deer, any size, any sex. The kill wouldn't change appreciably, and those who have deer wouldn't be so frowned upon by their fellow hunters. ANY deer, if the administrative expense would be less than the present complicated allotment system. Another advantage would be that hunters would be back in the woods for families for Thanksgiving next year instead of off in the woods.

JP

It would appear that a great many more people than Jack Pine imagined have bought the wonderful Advent Cards at Dawson's. With organized church backing in Grayling, many more could have been sold. But, I don't know. I tell me that in several of the designs of Advent Cards, he is completely sold out.

JP

I got a question. How come does it seem that there was no sanding done on the city and county roads this past weekend? I'm not saying that there was any sanding done, but I don't see any sand anywhere I drove. With all the hue and cry about traffic accidents over the Thanksgiving weekend, I would take a great deal of interest in the sanding of the roads. I think that we in Crawford County did all we could do to make driving safer. Did we?

JP

And while on that subject, I got another question. I haven't had much snow this winter yet, and what we have had has been promptly cleaned off the highways, leaving a fine polished slippery surface. But, of course, nothing can be done about this, and that is another peeve about this. But I do get more and more slightly annoyed when I note that the driveway of county employees are neatly plowed, while mine and others who pay the county for the service remain unplowed. Not that it has made any difference this year. Yet, but next year, I sure did. And I don't imagine it will be any different this year. But I can hope, can't I? I'll grant the county men the right to look after their own interests first, especially if they pay the same rate as I do. But why not treat everyone equally? And while on the subject of plowing and the county, I have a question. I haven't seen the scrapers come into these private roads to even out the ruts? If I remember correctly, these private drives are scraped down, that ruts won't freeze and damage the plow blades. And since these plows belong to me and every other taxpayer in the county, I feel that someone has let some great good go. Plows are expensive, aren't they? And the ground is freezing in all places, frozen in some already.

JACK PINE.

ATTENTION REGISTERED NURSES

There is to be a Christmas party for all registered nurses in the Crawford County area at the Grayling Nurses Home on Monday, December 9th. Please bring \$1.00 Christmas gift for gift exchange. If anyone needs transportation, bring in the Nurses Home in Grayling at 7 P. M. All registered nurses, whether active or inactive, please come.

County Deer Kill Higher Than Normal

Local Conservation officers said the buck kill in Crawford County was higher than normal in view of the number of hunters during the past season. The illegal kill was lighter and the kill during the "any deer" season was very light.

Violations were about normal with 28 arrests made. The most frequent violation was as usual, loaded guns in cars. There was only one hunting accident in the county and only two emergency messages had to be delivered. Hunting pressure in the county during the season was lighter than usual, it was said.

Among those arrested for carrying loaded guns in a car or having the guns out of a case and their names were: Clifford May, 59, Detroit, \$10 and costs; Stephen J. Szabo, 80, Detroit, \$25 and costs; Walter J. Miller, Flint, \$50 and costs; Frank J. Ujalka, Flint, \$50 and costs; Edward E. Edwards of Saginaw, \$10 and costs; Jack Edwards, Saginaw, \$10 and costs; Robert Dwyer, Detroit, \$10 and costs; Glen E. Forrester, Lapeer, \$25 and costs; Joseph St. Pierre, Lapeer, \$25 and costs; Fred Smith, Benton Harbor, \$25 and costs; Don Smith, Benton Harbor, \$25 and costs; Paul Bacon, 34, Alma, \$25 and costs.

Other violators were: Scramlin of Lapeer using an artificial light, \$25 and costs; William K. Wray, 24, Detroit, \$10 and costs; \$50 and \$75.00; Leonard Kowalewski, Detroit, artificial light, \$50 and \$75.00; Floyd Everett, Charlotte, loaded gun and artificial light, \$25 and costs; Thomas Archer, Haskett, loaded gun and artificial light, \$25 and costs; Harry Reynolds, Charlotte, artificial light, \$25 and \$75.00.

Other violators were: Scramlin of Lapeer using an artificial light, \$25 and costs; William K. more people in Crawford County

are availing themselves of the new

pension opportunities opened up

through amendments to the Social
Security Act.

Women, who have become eligi-
ble at age 62, are streaming in at
a rate much greater than was ant-

icipated. It had been thought
that more of them would wait un-
til they reached 65, when they

would qualify for larger amounts.
Farmers, too, eligible for the
first time, are filling for pensions

in large numbers. The same is
true for professional people, now
covered.

Figures released by the Govern-
ment show that pension payments
of \$141,000 a year are going to 187

retired workers in Crawford
County. Per person, they average
\$555.

Wives of these workers, quali-
fying at age 62 or over, are col-
lecting an additional \$20,000 an-

nually. The amounts are at the
rate in effect at the beginning of
this year.

Checks are also going to widows
parents and children of deceased
workers in the county.

In all, 318 local residents are
getting pension checks totaling
\$198,000 a year.

The amount is 20.1 percent higher
than a year before when it was
\$164,000.

This is a greater increase than
was reported for the United States
as a whole, 17.2 percent. The
State of Michigan rise was also
17.2 percent.

These are not handouts. They
are not relief or assistance checks.
They are payments to which the
recipients are entitled by virtue

of regular contributions made by
workers and employers over a
period of years to the Old-Age and
Survivors Insurance Trust Fund.

The size of each pension check
is in direct proportion to wages
earned and contributions made to
the fund, which is on an actuarial
basis.

As it is now set up, the social
security system will eventually
offer a degree of economic pro-

tection to most Americans from
cradle to grave. Already, nearly
75 million people are insured by
OASI, with 11 million of them

getting monthly benefits. Nine-
tenths of all paid work is covered.
With incomes assured for life,
the millions of retired persons are
able to spend more freely. They
are adding substantially to the
demand for goods and services.

Home Extension News
The Penny Pinchers Home Ex-
tension group met Tuesday, Nov-
ember 26th, at the home of Mrs.

Lyne Johnson. Christmas gift
ideas were exchanged and the pro-
jects worked on. Doll clothes
crocheted by Mrs. Clifton Jacobs
were bought by some of the mem-
bers.

A motion was passed to buy a
basket of fruit and candy for the
county convalescent home for
Thanksgiving day. The motion
was carried out, and the basket
was greatly appreciated.

Mr. Robert Porter was winner
of the penny prize. A nice lunch-
eon was served by the hostess.

New Home Extension
Group Formed
A new home extension group
has been formed and named the
Budgeters. Their last meeting
was held Monday, Nov. 25th, at
the home of Mrs. Jane Gere. The
evening was spent learning to tie
different types of Christmas bows
and ribbons. Some very nice sug-
gestions and demonstrations were
given by Mrs. Helen Hatfield. A
Christmas party was planned for
December 16, to be held at Mrs.
Helen Hatfield's. It is to be a pot-
luck. The Budgeters also donated
a chest of drawers to the Old Peo-
ple's home in Grayling. The fol-
lowing officers were elected: Le-
ader, Mrs. Clayton Hildeman;
co-leader, Mrs. Jackie Hatfield;
secretary-treasurer, Mrs. Donald
Ashton, reporter, Mrs. Letha
Given.

22 Disabled County People
Receive Rehabilitation Aid

Vocational Rehabilitation spent
\$635 in Crawford County during
the last fiscal year. This expendi-
ture was to aid in the rehabili-
tation of 22 disabled persons served
here. Howard R. Harvey, "Rehab"
counselor in this county for the
Office of Vocational Rehabilitation
Department of Public Instruction,
just released this information.

Harvey reported that 9 Craw-
ford County people were rehabili-
tated into paying jobs during the
year. Even more disabled citizens
could be rehabilitated this year.
The Rehabilitation service is ham-
pered, however, by a severe limita-
tion of funds. All services cost
more. Also, people with more
severe disabilities are being serv-
ed, which increases the cost per
person.

According to Mr. Harvey, addi-
tional Federal funds were avail-
able, but are not being claimed by
the State. Crawford County would
have had \$55,000 more funds for re-
habilitation this year if state
funds had been appropriated to
earn the total federal funds avail-
able through matching.

The expenditures in Crawford
County, Mr. Harvey explained,
were for the following services:

1. Medical examinations and
other diagnostic services to es-
tablish the disability and measure
how much it limits a person's ac-
tivity. \$900.

2. Treatments, including medi-
cal and surgical services as well as
hospitalization, to correct defects
or lessen disabilities that inter-

fere with working. \$0
3. Appliances, such as artificial
arms or legs, crutches, braces and
hearing aids. \$216.

4. Hospitalization, for correc-
tion of defects. \$0
5. Training, in school or on-the-
job, to prepare a person for suit-
able work in spite of a disability.
\$119

6. Other services, such as tools
and transportation. \$210.
The total expenditure, \$635,
brings a major benefit to the
Crawford County area. Mr. Har-
vey pointed out that the average
weekly earnings of people reha-
bilitated in Michigan last year was
\$54.60. Before rehabilitation, they
earned \$6.61. Applied to Crawford
County, this indicates an estimat-
ed annual increase of \$22,500 in
wages earned by the 9 persons
rehabilitated here.

According to Mr. Harvey, there
are \$562,000 in federal funds for
Vocational Rehabilitation that
Michigan has not claimed this
year because the state appropria-
tion was not large enough to
match them. The disabled of
Crawford County are therefore
only receiving about 40 per cent of
the services this year that would
have been possible with an adequate
matching state appropriation.

These services result in such gains
in earning power in the commu-
nity, that indirectly everyone in the
county would benefit if the state
appropriation next year is suffi-
cient to claim the maximum federal
grant.

sales part of our business. To gain mass distribution, all our efforts must point in that direction."

Hunter's Dairy is one of Grayling's oldest businesses. It was started in the northeast corner of Michigan and Chestnut streets, in the basement of a former church. Amos W. Hunter, late brother of Les Hunter, started the enterprise in 1933, when he bought the former Grayling Dairy. Les worked, at first part time, in the business since it was started.

Les served during World War II in the Air Corps. It was during his Air Corps service that his older brother, then owner of Hunter's Dairy died of a lingering illness, on Dec. 19, 1942. This tragedy left the business without a capable manager, and due to its importance to the health and welfare of the community, Les Hunter was released from his duties with the Air Corps, to return to Grayling and assume responsibility of the business which he purchased on Sept. 7th, 1943.

Amos Hunter built the present plant and dairy store at 410 Cedar street, in 1944. Les Hunter expanded the plant, with an addition at rear of the building, in 1948.

Valley Lea dairy products are processed from Michigan Grade A milk and cream, by Dairyland Cooperative Creamery Co., at Carson City, Michigan and delivered to Hunter's Dairy, in refrigerated trucks.

Les Hunter announced that retail home delivery and wholesale services to food stores, will be immediately expanded in Grayling, and throughout Crawford county, including Frederic and Lovells. Detroit-Toledo Expressway, an example of a fine new concrete highway

Concrete Highways for Smoother, Safer Driving

New concrete highways are built to last 50 years and more. They will still be "new" long after this youngster can drive his own car.

Built to Cost Less!
Economy is a built-in advantage of concrete highways. They are low in first cost and cost far less to maintain over the years. Longer life and less upkeep are premium advantages of concrete.

NEW CONCRETE HIGHWAYS give Michigan motorists the smoothest ride ever. These easy-to-drive super roads are designed for 1975, but you can enjoy their comfort today. They're safe, too. Concrete's gritty texture means more skid resistance, even in wet weather. And at night your visibility is up to four times better on concrete than on light-absorbing asphalt.

These new concrete thruways represent the last word in engineering achievement. Thanks to improved techniques they'll last 50 years and more. Drive one of Michigan's new concrete expressways and you'll agree you never had a smoother, safer ride.

Bear Lake News

By M. D., the Roving Reporter

Well it is over, one lost hunter from Battle Creek, no accidents, a good buck kill and very few does killed. The lost hunter, Mike, was way in in the sheriff and a few good samaritans were still out hunting for him. And no meat on our table, but a very good excuse—very few hours to hunt.

Just got a call from Midland Hospital that Mrs. Cordon Crosby from Fairgrove had an accident on her way home today, but later reports are that she is not very seriously injured.

The best meat pole I saw was across the road in the club, with five bucks all killed the first day. Two were all scarred up from fawn.

Our "Ohio" friends did not do so good. No one took back a deer. They were good hunters, too.

Wild Bill from Orionville spent his usual 19 days here (three hours hunting).

At Hutchings came up the last three days but took sick and did not get out hunting at all.

The Jim Fraziers from Grand Haven were here for Thanksgiving.

The Hixsons had a full house too. Peter Wall, Dick and Sarah Coleman, of their daughter, Sandra and a husband, Dick and Sarah had a vacation here. They can not use any more.

Chick Foster is in Royal Oak doing very nicely and expects to be going home from the hos-

pital. They have a cabin on the old road next to Joe's Mart. Speaking of Joe's Mart "The Newmans" they left tonight for a two-day visit with friends and relatives in Pontiac, Detroit and Royal Oak.

The Owen-Batzloffs from Pontiac lights were on too, but did not hear how they did on hunting. Owen did O. K. on the football pool.

Tommy and Kay Thomas from Lake Orion. Sure, they were here. It would not be a season without them.

Milly and Dobber Wenger and girls from Caledonia had no luck the last three days either.

We have about two inches of snow now and its cold tonight.

More Tax-Saving Deductions
And How To Time Them

This is one of a series of four articles on federal income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Michigan Association of Certified Public Accountants.

If you are one of those individual taxpayers who is constantly being bothered and bothered for charitable contributions, you may save money by paying particular attention to the timing and planning of your year-end donations.

Before paying off on any more 1957 pledges you might have made, remember that you will not receive a tax credit for your charitable contributions unless you itemize deductions on your return. You can't take the standard 10-per-cent deduction and a special deduction for donations to charity. You may take only one or the other, so plan your year-end pledge payments accordingly.

Planning Charitable Gifts
If you will be forced to take the standard 10-per-cent deduction this year, your best tax move would be to defer payment on your outstanding pledges until after January 1, 1958.

Pyramiding them into 1958 when you may be able to itemize deductions. However, if you have had a better-than-average income year and are trying to bunch itemized deductions on this year's return, you should pay not only the pledges you have made but possibly the pledges you would ordinarily make in early 1958.

There is an important point to keep in mind as you plan your year-end pledge payments: a charitable contribution will be considered paid — and therefore deductible — when the check is delivered to the charity and not when it is actually cashed.

Property Donations
A gift does not have to be in cash to entitle you to a charitable deduction. It can be in property, and since you can claim a deduction for the full market value of a property gift, it may actually pay you to give away items that are now worth more than they cost.

For example, suppose that you own a few shares of stock that cost you \$100 a few years ago. Today the stock is worth \$150, and apparently fully priced. If you know you are going to be approached by a church, charity, college or the like for a sizeable donation within the next few months, you might consider contributing these securities before the end of the year.

By giving this property away, the organization you care to favor will benefit by receiving property which is more than they cost.

For a Businessman, whose year-end tax plan calls for bunching deductions on this year's return, can time the sale of used equipment to establish loss deductions. For example, by selling a truck that has a depreciated value of \$500 and a real market value of \$300, a businessman may claim a tax credit for his \$200 "loss." If he sells the truck before December 31, he can take this deduction on his 1957 return.

The First Obligation...

In a speech made some time after Russia's first satellite had started whizzing its way around the earth, the President said that we must not demand federal spending for non-essential purposes "when the tests of defense and of waging peace must be so great."

Putting it bluntly, the first duty of this country is to do everything the national interest and honor permit to prevent war—then, should that effort fail and we come to win the war, any other result would mean misery for the survivors and a new Dark Age in which every ideal of freedom and of the importance of the individual would be destroyed.

Whether or not this means that still vaster sums must be spent for military strength and related matters still unresolved. There is apparently a belief in high circles that the present defense budget, of some \$38 billion a year, is adequate, and that the principal need is to channel funds away from obsolete weapons and activities and into such new fields as missiles and rockets.

Whatever the final decision, one thing can be said with certainty. The demands on the government—which simply means all the people—for defense spending will continue to be enormous. In light of this, it is the obligation of government to pare spending in every area where the national security and the true national interest are not involved. For instance, that means that government should, without waste of time, divorce itself from every and any activity that can be carried on in private enterprise. Getting government out of business not only saves the taxpayers' money—it also brings in tax revenue that government sorely needs.

Simple Truth...

Writing in the Oregon Voter, Ralph T. Moore says: A simple truth yet to be learned by the great American public is that there is not now, and never has been, or can be, such a thing as protecting the low-bracket incomes from tax impact. For no matter how one contrives to superficially and apparently ease such burdens on the little man, he always pays the bill.

There is no mystery why this should be so. The sad fact is that there just aren't enough earners in the top brackets to meet tax costs. Various factual surveys show that if the earnings of these people were actually appropriated—that is, taxed 100 per cent, the revenue would meet Federal spending for only a few weeks, to say nothing of state and local governmental spending. The burden of wasteful government falls principally on the many, not just the few.

FILES OF THE AVANCE OF 23 YEARS AGO

December 6, 1934

Mr. and Mrs. Holger Hanson spent the Thanksgiving week end in Detroit, guests of relatives.

Grayling's High School basketball team capped its first victory of the new season with a 19 to 5 decision over the Harbor Springs team. The Harbor reserves grabbed off a 21 to 6 decision from a Grayling second string that failed to click.

With but few interruptions it has snowed steadily since about 7 A. M. Monday. By night the pavements were smooth as ice and very slippery. This condition has been busy spreading gravel to prevent slipping.

The members of Blackies Blackbirds, the baseball team that represented Grayling this summer, were treated to a banquet by the manager, Orel Levan, Tuesday evening at Shoppensons Inn. Master Carlton Leroy Harvey Krome is here visiting his grandparents Mr. and Mrs. Carl B. Larson and other relatives and expects to return to his home in Jackson shortly after Christmas with his parents, Mr. and Mrs. Lewis A. Krome of Jackson.

The Jolly Cousins Club met with Mrs. Lacey Stephan Wednesday afternoon with a good attendance, 15 members being present. Plans were made to hold an oyster supper at the home of Mr. and Mrs. Dan Babbitt, December 14th to raise money for the purchase of materials to be sewed.

Miss Virginia Hoesli of Flint spent the week end visiting her parents, Mr. and Mrs. Dan Hoesli. Mr. and Mrs. Chester Lozon enjoyed a visit last week from Mr. and Mrs. Harold Beach of Traverse City.

Jimmie Hatfield, aged 5, son of Mr. and Mrs. Harold Hatfield, is reported to be quite ill at his home.

Mr. and Mrs. Theodore Christofferson of Beaver Creek are enjoying a new 1935 Chevrolet purchased from Alfred Hanson, dealer.

Miss Lucille Wheeler spent Thanksgiving at the home of her parents, Mr. and Mrs. Delbert Wheeler. She was accompanied by Miss Cornelia, who is a sister of Coach Corneli, and is critic teacher at West Branch County Normal.

Mr. and Mrs. Arthur Schwind of Merrill visited at the B. J. Callahan home a couple of days last week. Other recent guests were Tom Brennan and sons, Tom and William, and Ed Archambeau of Saginaw, and Mr. and Mrs. William Newman and the former's sister of Lansing.

Mrs. Ernest Larson was hostess, Friday afternoon, at a kitchen shower honoring Miss Estella Larson, whose marriage took place Sunday. Prizes were won at pedro by Reva Burke, and Mrs. Tracy Nelson. Covers were laid

for twenty-two guests at a table prettily decorated with pink and white crepe paper. The guest of honor received many useful and lovely gifts.

Marius Hanson who attends Ferris Institute, spent Thanksgiving visiting his mother, Mrs. Hansine Hanson.

Miss Helen Thornton spent Thanksgiving at her home in Gladwin. She was accompanied by Miss Cecelia Faler, whose home is also in Gladwin.

Mr. and Mrs. John Vuill of Van-dorbilt were guests at the home of the latter's parents, Mr. and Mrs. Robert Ziebell, for Thanksgiving.

Ernest Anderson of Gaylord started his new duties as pharmacist at the Central Drug Store Friday, taking the place of Miss Ethel Taylor, who recently resigned.

Mr. and Mrs. Oscar Smith of Frederic, and Mr. and Mrs. Leland Snook and family, spent Thanksgiving and the week end in St. Louis, Mich., where they visited relatives.

Misses Georgiana Olson and Veronica Lovely, students at Mt. Pleasant Normal school, spent the Thanksgiving vacation with their parents, Mr. and Mrs. George Olson and Mr. and Mrs. Peter Lovely respectively.

Mr. and Mrs. George A. Kraus, daughters, Lois and Elaine, and son, Albert, arrived last week Wednesday to spend a few days at their summer home at Lake Margrethe. They returned to Chi-

cago Sunday, except Miss Lois, who is a student at M. S. C. at East Lansing.

Earl Kraus and son, Emil, the latter a student at U. of D., Detroit, spent the Thanksgiving week end at their home here.

Mrs. Chester Lozon of Maple Forest, spent the Thanksgiving week end with her sister, Miss Lillian Jordan.

W. D. Speicher, vice-president of the Banner Brewing Co., and H. H. Hart, sales director, both of Saginaw, were in Grayling Tuesday and while here appointed Nick Schlotz their local representative, who will look after the local stock sales. Mr. Speicher says their plant is not selling beer as yet but in April it will be on sale. He says they will have a competent dealer in Grayling. Up to 1918 the Banner occupied a prominent position in the fine quality of its product, and it is and hope and expectation of the present organization to regain this fine record.

Archie Lozon and family, of Maple Forest had as guests last week Mr. and Mrs. Lawrence Sheppner and son, Larry, of Bay City.

Miss Ethel Taylor has accepted a position in a drug store in Birmingham, N. Y., and expects to leave within a few days to take up her new position.

OUR THANKS FOR THE PRIVILEGE
OF SERVING YOU DURING THE
PAST QUARTER CENTURY

Starting in 1933 when the late Amos W. Hunter purchased the former Grayling Dairy, the Hunter family has served the dairy products needs and requirements of Grayling and vicinity, with unending devotion. It has been a family obligation to provide citizens of Grayling, along with training encamped soldiers; vacationers; hunters and fishermen with the finest of Dairy Products. We hereby pledge ourselves to continue in that tradition.

OUR PLANS FOR THE COMING
YEARS...

The Hunter family never has distributed anything less than the best, in Dairy Products. Hunter's Dairy started distribution in 1949 of Valley Lea Dairy Products, supplemental to products processed in their own plant. Starting Wednesday, December 4, All Dairy Products Distributed by Hunter's Dairy will be Michigan Grade A — Valley Lea, thus assuring Crawford County the finest in Dairy Products and continuing a tradition of the Hunter family. We plan to serve you — with Valley Lea Dairy Products — for many years yet to come.

G. Vallad of Maple Forest was threshing beans in his barn last Tuesday, when fire caught in one of the stables from a spark from the engine. The flames got a big start before it was discovered and when it reached the hayloft it went with a rush. It was by quick work and demon effort that the separator was saved, but everything else was consumed in the flames. There were ten tons of hay, thirty bushels of beans and the one in front of Peterson's jewelry store, have been cut down.

and clean; it is light and sanitary and is provided with utensils for making most everything from taffy to chocolates. Mr. Cassidy is a progressive baker and confectioner and his bakery is a credit to Grayling.

G. Vallad of Maple Forest was threshing beans in his barn last Tuesday, when fire caught in one of the stables from a spark from the engine. The flames got a big start before it was discovered and when it reached the hayloft it went with a rush. It was by quick work and demon effort that the separator was saved, but everything else was consumed in the flames. There were ten tons of hay, thirty bushels of beans and the one in front of Peterson's jewelry store, have been cut down.

FOOD STILL 'BEST BUY'
By Jim Bourrie
People have been misled regarding the "cost of living index" and the rising cost of food. Many feel that the food industry as a whole, has been "hit" on the American public.

The food industry is a highly competitive, most efficient business. The food merchant works on volume and gets a very small net profit for his labor.
No price is high or low except by comparison with other goods and with workers incomes.

The average man can buy more food for an hour's labor today than he could in 1952 when food prices reached another peak. 31 minutes work brought a leg of lamb while this year, it took only 21 minutes labor. A pound of butter required 31 minutes work in '52; today it takes only 16 minutes. The overall Consumer Price Index, including food, housing, apparel, medical care and other items, has risen 5.6% since 1953 while foods consumed in the home have risen only 3.2%. The average gross weekly earnings of factory workers during this time has risen 16.3%.

The food industry has done its share in keeping the cost of living down. Wider variety and better quality at lower comparable prices are yours to enjoy as you shop at our friendly store.

Two Separate Accidents Cause High Damage

Two separate accidents near the corner of Cedar and Lake Streets last Friday and Saturday mornings caused only slight injury to one person, but very heavy property damage.

At 1:30 A. M. Friday morning a truck load of heavy wood pallets from the Robbey Wood Products Company of Johannesburg rammed into a tree near the Midtown Motel. The driver, Norman Rosenberg, sent that heavy load of the wheel, investigating officers said. Rosenberg was slightly injured but not hospitalized. He was ticketed for failing to have his car under control and causing an accident.

The truck on striking the tree upset and threw the wood pallets, completely buried the car of Eugene or Grand Rapids, a guest at the motel. Damage to Allen's car was estimated at \$1000. Damage to the motel will run even higher, Olin Williamson, the owner, said. Damage to truck and cargo also was heavy.

On Saturday morning about 5:15, a car driven by Walter S. Larro of LaSalle rammed into a pole in the Grayling Gift Service just south of the Midtown Motel a few feet. Again the driver fell asleep and did not notice the corner, investigating officers said. The driver was ticketed for failing to have his car under control and causing an accident.

After tearing out the first pole, the Larro vehicle ripped out the air stand and hit the pole holding the big sign, breaking it in two. Estimate of damage has not been completed but it will run high at the station and the car involved was heavily damaged.

SENIOR PLAY IS VERY SUCCESSFUL

The senior play turned out to be quite a success. At last count there was \$138.00 taken in, including both advance sales and money taken in at the door. When all bills are paid we figure we made close to \$100.00. There was an afternoon performance and a night performance. The afternoon performance was given by most of the grade students and was along with some of the teachers. At night many of the adults and older students attended. Between acts the audience was entertained by a chorus of Susan Bidva singing a chorus, Bill Holzman and Chuck Ward, with Bill playing drums and Chuck playing guitar and singing. Karen and Chuck sang together. The play was a lot of work, but the seniors feel it was worth it.

It looks as if this will be a fairly busy week in school. Our senior pictures are expected to be here sometime this week. It will be a busy time exchanging pictures and trying to decide what people will get the few extra, if any. Tuesday of this week the Curtis magazine man will be here to present awards. There will be more about that next week. Since the first basketball game is coming up this Friday, we hope that our class, other classes in school, and the people in Grayling will give our team the backing that they should have. This week the seniors are starting to sell fruit cakes. We are hoping that all of you will buy yours. Our seniors are really nice for snacks and unexpected company.
